

— A Big Sum

You need one set of small number cards.

- Place a card in each of the boxes to make a sum which is correct. One way is shown on the right, with a total of 1089.
- Make a total of 1089 another way.
- Make other totals and record each one.
- Make the largest total you can.

4	3	2							
+			6	5	7				
						1	0	8	9
